

## Payment Installments

Payment arrangements can **ONLY** be made on the current bill. All past due bills must be paid in full before an installment plan can be initiated. A payment arrangement allows you to make weekly, biweekly, or monthly payments and ensures that the service remains uninterrupted. A 5% late fee is assessed to the balance remaining on the account after the due date printed on your bill.

Please call our Customer Care agents if you want to make arrangements to pay your current bill in installments at **(301) 206-4001** or **1-800-634-8400**, from **7:30 a.m.-5:30 p.m.**, **Monday through Friday**.

For quicker response, it is better to call us Wednesday through Friday.

**For other payment options, please visit:**
